

**RDT**  
**CONCEPTS**  
AN INDUSTRIAL RACK & SHELVING INC.  
COMPANY

*Solutions that fit your business*

## *The RDT Concepts Advantage: Your goals are part of our solutions*

An organized, efficiently run business is critical to your company's success. Our goal at RDT Concepts is to take a proactive approach in providing your business with practical, cost effective solutions custom designed around your unique requirements. Your company will benefit from proven solutions designed to save money and improve the quality of the way you do business. Being well connected with today's leading manufacturers provides our customers with the most modern and innovative storage products on the market today.

### *Customized solutions tailored around the way you do business*

Meticulous attention to your organization's detail makes our design services beneficial to your business. With well over 50 years of experience, our design professionals are committed to the needs of our clients with:

- Complete installation and design services
- Personalized consultation
- Practical hands-on approach
- Dedicated project management
- Design recommendations that factor in your budget, time line and design requirements
- Active commitment in all phases of the project
- Solutions designed to positively impact your bottom line
- Constant communication with our clients
- Attention to legal liabilities, accountability, regulations and productivity

### *Cost effective solutions for financial, commercial and professional offices*

The incorporation of well planned storage systems creates an efficiently run office by improving productivity and workflow while optimizing currently available space. Well designed storage areas save your organization time and money by accommodating growth and eliminating the need for off-site storage or costly moves. Modern, visually appealing products also promote and enhance a

professional appearance to your work environment.

### *Accommodating the progression of the health care industry*

The ability to configure storage systems for specific areas of specialization creates an organized, well run medical facility and improves the quality of patient care. RDT Concepts addresses and fulfils the needs of today's medical professionals through every aspect of the health care industry:

- Medical records storage
- Laboratories
- Pharmacies
- Private physician's offices
- Dental offices
- Medical campuses
- Nurses' stations
- Medical supply closets
- Non-patient care areas

### *Safe storage when security and privacy are paramount*

An ever increasing volume of records and vital statistics requires the need for organized and efficient storage systems. Evidence room and weapons racks require storage in which retrieval is efficient and security is vital.

## *The evolution of libraries & museums*

With the ever evolving ways in which we now get our information, libraries have transformed much of their space into meeting rooms and multimedia learning and study areas with connections to cyberspace. Utilizing high density storage assists in creating room to accommodate this transformation, at times doubling the amount of space currently available.

Today's museums are in a constant struggle to discover additional space in which to store and display priceless artifacts and collections. Budget cuts pose a challenge when additional space through expansion is not an option. RDT Concepts offers space efficient

recommendations to store and protect large collections from long term exposure to environmental elements and unauthorized access.

## *Budget friendly solutions designed for today's educational institutions*

The requirements of our educational institutions have never been more dynamic than they are today. RDT Concepts offers economical solutions customized to take into consideration the ever changing budgets of colleges, universities and local K-12 school districts. Our personnel can demonstrate ways in which you can create efficient, organized storage utilizing unused areas of your facility. We address the needs of every aspect of the educational market:

- Work stations
- Athletic storage
- Music department storage
- Mail room
- Fulfillment centers
- Multimedia centers
- Libraries

## *Success through efficiency*

Our experience and knowledge in the automotive industry will benefit your dealership by providing you with storage solutions that will effectively store, organize and efficiently retrieve your parts inventory. Whether you need a new design or are renovating your current parts and service department, RDT Concepts will work with you to maximize your space and productivity.

## *Storage and retrieval systems designed to keep costs down and productivity up*

RDT Concepts will work with you to design a system to fit your needs based on whether stored materials are palletized or are individual items. Our flexible, customized solutions are designed to accommodate the warehousing and industrial markets by:

- Doubling your current storage space
- Increasing pick rates
- Utilizing vertical storage space
- Reducing theft and loss
- Providing accurate measures and processes for inventories
- Creating a safer, environmentally friendly workplace

## *Do you have a unique need to outsource your warehousing and distribution?*

We have the facilities and capability to receive items from multiple vendors and store, package, label, ship and track deliveries of your products to multiple locations.

## *Setting higher standards with experience you can count on*

RDT Concepts' commitment to you and your organization continues beyond the initial sale of merchandise. Our service department handles warranty and service calls as well as preventive maintenance to keep your business running smoothly. Our design team is dedicated and committed to the needs of our customers.

Regardless of the size of the project, RDT Concepts strives for 100% satisfaction and we will not put our name on a recommendation we cannot stand behind.

RDT Concepts continues to offer environmentally responsible products and the highest quality "green" solutions.

*Invest in the future of your business...
